Summary of Course

This course prepares students for the teaching of English as an Additional Language or Dialect in secondary schools in NSW. Students will develop knowledge and understanding of relevant theories and practice to meet the language learning needs of EAL/D students in a secondary school context.

The main way in which the course has changed since last time as a result of student feedback:

- More discussion in groups on the weekly readings
- Assigned area for microteaching, but choice of topic within area
- Assessments changed to reflect generic assessments across methods

Important information

- **Assessment:** Please note that all students must pass all assignments to pass the course, and they must pass the course to go on placement for PE 1.
- **Attendance:** Students are expected to give priority to university study commitments. Unless specific and formal permission has been granted, attendance at less than 80% of classes in a course may result in failure.

National Priority Area Elaborations

This is a Method course for EAL/D teachers so a great deal of the focus is on literacy.

A number of students taking this course may also be or have been in the past EAL/D learners themselves, either from a non-English speaking background or who also speak Aboriginal English. Students with special educational needs are also included as the course addresses the educational needs of those students with a refugee background. In assessment 2 students are required to explain how the lesson could be adapted to meet the needs of Aboriginal and Torres Strait Islanders and refugee students.

In this course, students have many opportunities to include Information and Communication Technologies in their teaching. There is a Hot Potatoes workshop and students are encouraged to create an activity using this program. They are also assessed on lesson plans incorporating ICT.

EAL/D teaching is for Students from Non-English Speaking Backgrounds.

Priority area	
Aboriginal and Torres Strait Islander Education	2, 4, 5, 6, 7, 8, 11, 12
Information and Communication Technologies	1, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14
Literacy and Numeracy	1, 2, 3, 4, 5, 7, 8, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19
Students with Special Educational Needs	1, 2, 3, 4, 5, 6, 7, 8, 9
Teaching Students from Non-English Speaking Backgrounds	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

Students need to have a theoretical understanding of EAL/D content pedagogy in order to design and implement effective EAL/D teaching strategies. They need a deep understanding of good EAL/D pedagogy, particularly the EAL/D teaching sequence and strategies to teach the language modes. Also they need skills and tools to plan sequences of lessons in the KLAs and to program units of work in English, therefore the use of the ESL Scales and the NSW Board of Studies English syllabus English 7-10 needs to be taught. In addition students need to develop skills in assessment both for the purpose of programming, student feedback and reporting. All of this needs to be taught in practical, hands on environment where students are given explicit modeling and opportunities to work collaboratively in a supportive environment to develop their understanding and skills. Student should also feel comfortable to discuss, question and reflect on their own experiences and learning

5. TEACHING STRATEGIES

- Student-centered activities and opportunities for critical and reflective engagement with the content and methodology and philosophy of EAL/D teaching will form the basis of the course.
- Lectures will explicitly model and teach EAL/D pedagogy and model teaching strategies.
- Opportunities for joint construction of lessons and programs will allow students to be supported in their learning.
- Online learning will include regular, critical and reflective responses to readings on Moodle.
- Peer teaching in a simulated classroom setting.

ASSESSMENT 1 (40%)

Adapting TWO lesson plans to support EAL/D learners in a KLA. 2,000 words equivalent

Due: Thursday 12 April 2018

1. Adapt one lesson plan from a KLA so that it incorporates EAL/D teaching strategies that are supportive of EAL/D learners but remain faithful to the learning outcomes of the KLA.
 - Include the use of ICT
 - Use the *ESL Scales* to help identify the language you will need to teach the students
 - Use the standard SED lesson plan format
 - Demonstrate knowledge of a variety of EAL/D teaching strategies
 - Map all aspects of teaching to EAL/D pedagogy.
(One lesson plans: 1 000 words equivalent)
2. Create and submit all teaching resources necessary for the lesson. Briefly identify and describe **strengths** the existing KLA lesson had for EAL/D learners. (250 words)
3. Identify and explain the main **challenges** the original lesson poses for EAL/D learners, making reference to the demands of the unit and the language and cultural differences of EAL/D learners. (200 words)
4. Explain how you attempt to support students to meet the language demands of the original lesson by making reference to your adapted lesson, relevant course readings, EDST6704 lectures and tutorials. (200 words)
5. Explain how you would adapt or modify your lesson:
 - a) for a student who has had interrupted schooling (e.g. a refugee)
(150 words)
 - b) for an indigenous student who has English as an additional dialect
(150 words)

NOTE: The word count in brackets is a guide only.

Submit an electronic copy of the lesson plan, resources and rationale through Turnitin by the due date.

Assessment 2 (3 500 wd eq, 60%)

Prepare an outline for a unit of work for a class with level 3/4 learners. The unit of work should cover the first five lessons; however, you are not preparing full lesson plans.

You must write a rationale for the unit (600-800 words) in which you:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn in this unit and why it is important
- justify your choice of topic to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge so that they can progress to Levels 4/5.

Include in your unit outline:

- the learning intentions for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- one incursion/excursion/performance/product activity

Include outlines only for other teaching materials required.

NB: The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualize and/or amend these specific criteria. **The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.**

HURDLE REQUIREMENT

Assessment 3: MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10 minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

1. A detailed **lesson plan using the prescribed template**, including a statement of expected learning outcomes
2. A 10 minute mini-lesson

Initial Lesson Plan: All students must submit to the method lecturer their proposed lesson plan at least one week prior to the presentation. This will be returned with comments on the suitability of the proposal.

Microteaching: This will be assessed according to the attached criteria, and will be graded as **Satisfactory or Unsatisfactory**. Any student whose first microteaching episode is judged as unsatisfactory will be given a further (one only) opportunity to gain a satisfactory grade.

NOTE: If a student is assessed as unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.

Individual students self-evaluate their performance, responding to any peer evaluations, identifying 3 strengths in their presentation and identifying area(s) for improvement.

These **self-evaluations** are emailed within one week of presentation to h.pearson@unsw.edu.au

At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.

Student teachers are encouraged to set up their own blog (It is free) at Edublog , <http://edublogs.org/> to create and share resources and lessons they create.
