Schedule

| Lecture             | Wednesday 17:00 – 18:00, Morven Brown 107 | Weeks 1-5, 6-10, N4 |
| Tutorial/s          | Wednesday 18:00 – 20:00, Morven Brown 107 | Weeks 1-5, 6-10, N4 |

Summary of Course
This course prepares student teachers for the teaching of Geography in secondary schools in NSW.

Aims of the Course
During the course students will develop their knowledge of the New South Wales syllabus documents for stages 4, 5 and 6 and their links to the K-6 curriculum. Lectures, tutorials and assignments will cover a variety of approaches to teaching and learning in the Geography classroom. Emphasis will be given to literacy and language learning for all students, the reading and writing process, visual literacy and the various uses of Information and Communication Technologies in the Geography classroom. Students will demonstrate a knowledge and understanding of the AITSL Professional Graduate Teaching Standards.

Important information

Assessment: Please note that all students must pass all assignments to pass the course, and they must pass the course to go on placement for PE 1.

Attendance: Students are expected to give priority to university study commitments. Unless specific and formal permission has been granted, attendance at less than 80% of classes in a course may result in failure.

</tr>
</tbody>
</table>
4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH
Student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach. The lectures and tutorials are designed to be supportive and friendly, as students are more engaged and learn better if they can have fun whilst learning.

5. TEACHING STRATEGIES

- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Some explicit teaching, including lectures, to demonstrate an understanding of students’ different approaches to learning and the use of a range of teaching strategies to foster interest and support learning
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
### 6. COURSE CONTENT AND STRUCTURE

<table>
<thead>
<tr>
<th>Week</th>
<th>Lecture Topic</th>
<th>Tutorial Topic</th>
</tr>
</thead>
</table>
| **1** 1 (2-6 March) | On being a Beginning Geography Teacher  
*National Priority Area Elaborations  A4-A5, B1* | *Tutorial*: Biography, motivation and expectations: Why you are here affects where you'll end up  
*Teaching Strategy Focus*: Getting to know your students and making sure they know each other |
| **2** 2 (9-13 March) | The Junior Geography Syllabus and its link to Stage 3 HSIE  
*National Priority Area Elaborations  A8* | *Tutorial*: Programming in Junior Geography/ICT ideas  
*Teaching Strategy Focus*: Group work |
| **3** 3 (16-20 March) | Stage 4 Geography – Importance of Literacy  
*National Priority Area Elaborations  D1-D19* | *Tutorial*: Making literacy the focus of each lesson  
*Teaching Strategy Focus*: Creativity in the classroom |
| **4** 4 (23-27 March) | Teaching about Australian Environments, Communities and Issues  
*National Priority Area Elaborations  B9-B10* | *Tutorial*: Fieldwork/Making Geography real  
*Teaching Strategy Focus*: Learning by doing |
| **5** 5 (30 March-3 April) | Teaching about the place of Australia in the World and the Asia Pacific Region  
*National Priority Area Elaborations  C1-C14* | *Tutorial*: GIS/Multimedia  
*Teaching Strategy Focus*: ICT in the Classroom  
*Microteaching* |
| **6** 6 (13-17 April) | Stage 5 Geography – Incorporating Civics and Citizenship in the Classroom – Citizenship for Indigenous Australian Communities  
*National Priority Area Elaborations  A1-A3, A6-A7, B3-B5, E1-E9, F1-F7* | *Tutorial*: Teaching students with different social, ethnic, cultural and religious backgrounds. What are the typical stages of students’ physical, social and intellectual development and understanding the exceptions to the general patterns.  
*Teaching Strategy Focus*: Role Plays  
*Microteaching* |
| **7** 7 (20-24 April) | Senior Geography Syllabus – Year 11 Course  
*National Priority Area Elaborations  C6-C13* | *Tutorial*: Programming Introduction – ICT in Senior Geography  
*Teaching Strategy Focus*: Pair Work  
*Microteaching*  
*Assignment 1 Due 22nd April 2015* |

### Assessment Details

**Task 1 – Detailed lesson plans**
Stage 4/5 Geography Programme and Learning Activities

**Due Date 22nd April 50%**

You will develop a unit of work (basically 1 topic area) from the Junior Geography syllabus with 5 lesson plans for 50 minute periods detailed from this unit.

Note: This would be approximately two weeks’ worth of lessons.
The lessons must be consecutive showing a consistent approach to learning and classroom management and at least one lesson plan must ask the students to make use of technology such as computers. One of your lesson plans must be accompanied by a resource developed on Powerpoint or Prezi. You need to include a range of lessons that integrate literacy and numeracy, group work, mapping and statistical skills and research.

The programme must be set out using the following headings as found on the Board of Studies website: “Time allocation”, “Targeted outcomes”, “Learn abouts”, “Students learn to”, “Integrated teaching, learning and assessment”, “Evidence of learning and feedback”, “Resources”.

Lesson plans should show what part of the programme is being used, a focus question, outcomes to be achieved or attempted and indicators that demonstrate this, learning activities, sequencing and timing and at least TWO Assessment Tasks and TWO Resources used to assess students learning of outcomes.

Any worksheets or resources (including your PowerPoint resource) used as part of your lesson plans that are to be developed by you and are not commercially available must be included.

PowerPoint resources should accompany the assignment

Please add a bibliography of any other material used.

In these detailed lessons, you will be assessed on your ability to:

- Plan and assess for effective learning by designing lessons and lesson sequences using knowledge of the NSW syllabus documents and other relevant curriculum requirements of the Education Act
- Demonstrate current knowledge and proficiency in ICT, in the use of the following:
  - Basic operational skills
  - Information technology skills
  - Software evaluation skills
  - Effective use of the internet
  - Pedagogical skills for classroom management.
- Plan coherent lessons that articulate clear and appropriate learning goals and use a range of appropriate and engaging resources and materials to cater for the diverse learning approaches and needs of students.
- Apply the research and ideas presented in Geography method lectures, and from the Professional Experience lectures.

Task 2
Unit of work based on fieldwork
Due: 13th May

You must investigate one site for a day of active fieldwork that will satisfy the requirements for a Stage 4 or 5 fieldwork task. You must choose a site, probably visit the site or contact the organisation running the site, and write an explanation of what work will be done in the classroom leading up to the day, what will be done on the day and how this will be followed up in class after the day.

For this task you will present as a minimum:

- Rationale for your field trip and a justification for its inclusion in your programme
- 2 lesson plans (one for the day before the field trip, one for the day after showing pre and post field trip work)
- Devise an assessment task based on fieldwork (to assess students learning of outcomes)
- Itineraries showing what will occur on the day of fieldwork,
• **A worksheet to be completed by students on the fieldwork.** This should detail objectives of activities and outcomes, skills and tools, actual learning activities (you should have at least 3 activities in a day of fieldwork)
• **Details of transport plans**
• **Budget for the trip**

Write a letter to parents outlining the day and cost.

Take the cost of a bus as $500 a day.

You need to look at the cost of the excursion in terms of transport and cost of venue/any staff you wish to use at the venue. Costs per student for 50 students should be kept under $30

**MARKING CRITERIA**

In the unit you design, you will be assessed on your ability to:

• Plan and assess for effective learning by designing lesson sequences using knowledge of the NSW syllabus documents or other curriculum requirements of the Education Act
• Design an outline which demonstrates your ability to differentiate the curriculum to cater for diverse learning approaches and needs
• Demonstrate knowledge of, and respect for, the diverse social, ethnic, cultural and religious backgrounds of students and the effects of these factors on learning.
• Demonstrate knowledge and understanding of specific strategies for teaching: Aboriginal and Torres Strait Islander students; Students with Special Education Needs; Non-English Speaking Background students; Students with Challenging Behaviours.
• Write with control and confidence
• Refer specifically to material, research and ideas presented in Geography method lectures, and from the Professional Experience lectures on diversity.
### Specific Criteria

<table>

EDST 6706
HURDLE REQUIREMENT

ASSESSMENT 2 - MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10 minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

1. A detailed **lesson plan using the prescribed template**, including a statement of expected learning outcomes
2. A 10 minute mini-lesson

**Initial Lesson Plan:** All students must submit to the method lecturer their proposed lesson plan at least one week prior to the presentation. This will be returned with comments on the suitability of the proposal.

**Microteaching:** This will be assessed according to the attached criteria, and will be graded as **Satisfactory or Unsatisfactory**. Any student whose first microteaching episode is judged as unsatisfactory will be given a further (one only) opportunity to gain a satisfactory grade.

**NOTE:** If a student is assessed as unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.
### Standards

#### A. Teachers know their subject content and how to teach that content to their students (AITSL Standard 2)
- Was the lesson or unit of work relevant to the needs of the students and based on the appropriate syllabus document requirements? (1.3.1, 2.3.1)
- Was knowledge of relevant concepts, topics and themes demonstrated, including ATSI perspectives? (2.1.1, 2.4.1)
- Were relevant linguistic structures and features and literacy/numeracy knowledge and skills integrated into the lesson? (2.5.1)
- Was a clear and coherent sequence of activities undertaken to engage and support the learning of all students within a class or cohort? (2.2.1, 3.2.1)
- Were the teaching resources and materials suitable for the aims of the lesson? (2.1.1)
- Were tasks required of students modelled and scaffolded? (2.1.1, 3.3.1)

#### B. Teachers plan for and implement effective teaching and learning (AITSL Standard 3)
- Were challenging yet realistic and achievable goals in teaching and learning activities planned? Were these explicitly articulated in the lesson plan/to students? (3.1.1)
- Were instructions, explanations and questioning techniques effective? (3.3.1)
- Were verbal and non-verbal communication strategies used effectively in the classroom to support student understanding of content and encourage participation and engagement of students? (3.5.1)
- Was students’ understanding continually monitored and students’ achievements of the learning outcomes noted? (3.6.1)

#### C. Teachers create and maintain supportive and safe learning environments (AITSL Standard 4)
- Was rapport with the learners established and responsiveness to their needs in the class demonstrated? (4.1.1)
- Were activities well organised and direction clear? (4.2.2)
- Was respect and appreciation of others demonstrated through active listening, being accessible to all students and exhibiting a caring attitude? (4.1.1, 4.4.1, 1.1.1)

### Comments:

**Lecturer:** [Date: ] Satisfactory / Unsatisfactory (circle)
HURDLE REQUIREMENT

Creating a Contemporary Classroom - Hands on with Digital Technologies

Active participation in 2 x 1.5 hour sessions taken by a specialist in technology enabled learning and teaching to help prepare student teachers to understand and use digital technologies in their contemporary classrooms, and assessed by Method lecturers.

These technologies will include:

Session 1

- Presentation tools and classroom equipment including interactive whiteboards;
- Online sites, tools and communities including blogs, wikis, iTunesU, icourses etc;

Session 2

- Web based enquiry learning resources, including webquests;
- One–to-one technologies including ipads, netbooks and notebooks and the technologies which support shared learning on individual devices; and
- Resources to create contemporary lessons see: Flipped classroom

Resources

TPACK (created by Dr. Matthew Koehler and Dr. Punya Mishra http://www.tpack.org/), Technological Pedagogical Content Knowledge (TPACK) is a framework that identifies the knowledge teachers need to teach effectively with technology.

S A M R (created by Dr. Ruben R. Puantedura): provides a framework to answer the question of what types of technology use would have greater or lesser effects upon student learning.

Rural & Distance Education NSW: A local resource presenting both frameworks, http://rde.nsw.edu.au/tpack-samr

Teaching Teachers for the Future - What is TPACK?, http://www.ttf.edu.au/what-is-tpack/what-is-tpack.html

Reflections of pre-service teachers, http://www.ttf.edu.au/psts-talk.html; this series of video clips shows the reflections of several pre-service teachers each of whom trialled one of the twelve Teaching Teachers for the Future (TTF) Australian Curriculum resource packages with a practicum class. At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.

Student teachers are encouraged to set up their own blog (it is free) at Edublog, http://edublogs.org/ to create and share resources and lessons they create.
Submission of Assessment Tasks

Students are required to follow their lecturer's instructions when submitting their work for assessment. Some work may be required to be submitted in class but most assessments are to be delivered to the locked boxes near the School of Education office and submitted online via Moodle. Students are also required to keep all drafts, original data and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy.

A penalty of 3% per day (24 hours) applies to work submitted after the due date without an approved extension. Extension forms are available from the School of Education office and must be approved by the appropriate course coordinator prior to the due date. Extensions will only be granted for illness or serious problems beyond a student’s control. Please note that the submission of a request for an extension does not necessarily guarantee approval of the request. Requests for extensions on the grounds of illness must be supported by a medical certificate or other documentation. This process does not take the place of lodging an application for Special Consideration and students must consider the merits of both options available. Please note that computer malfunctions will not be considered as sufficient grounds for extension.
