**Summary of Course**
This course continues to prepare student teachers for the teaching of English in secondary schools in NSW.

**Aims of the Course**
This course aims to:
- further students’ knowledge of the New South Wales English syllabus documents for stages 4, 5 and 6.

**Important Information**
**Assessment:** Students must pass ALL assignments in order to pass the course. Only by passing all assignments can the Graduate Attributes (AITSL Professional Graduate Teaching Standards) be achieved.
**Attendance:** Students are expected to give priority to university study commitments. Unless specific and formal permission has been granted, failure to attend 80% of classes in a course may result in failure.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

Student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences they will be expected to design for secondary students. The lectures and tutorials are designed to be supportive and friendly, as we believe that students are more engaged and learn better if they can have fun whilst learning.

5. TEACHING STRATEGIES

Teaching strategies used during the course will include:

- Small group cooperative learning, such as Jigsaw, to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Explicit teaching, including lectures, to demonstrate an understanding of students’ different approaches to learning and the use of a range of teaching strategies to foster interest and support learning
- Structured occasions for reflection on learning, such as the use of learning journals, to allow students to reflect critically on and improve teaching practice and strategies
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
- Online learning from readings on the Moodle website
- Specific literacy strategies, such as floor storming, dictogloss, cloze and three level comprehension, to demonstrate the importance of these teaching strategies in the secondary classroom

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

Assessment 1
Research and classroom practice  2500 words  40%  Due 17 August 2015

Task: Students write a depth study of teaching and learning, in ONE of the following areas:

- poetry
- Shakespearean drama
- developing skills in either reading or writing
- developing skills in either listening or speaking
- visual literacy
- spelling and grammar

Students will write a critical review (about 1500 words) of research, including appropriate references. They should refer to at least three sources.

Students will also design one detailed lesson for a class of their choice, incorporating activities for the classroom based on their research. The lesson plan must cater for a comprehensive class that caters for AITSL students.

Assessment Criteria Checklist

Make sure you:

- Demonstrate understanding of the implications of relevant research for the classroom teaching of English
- Demonstrate knowledge of teaching and learning strategies
- Demonstrate understanding of the need to cater to diverse learners
- Use key concepts and terms in English teaching
- Choose appropriate lesson outcomes and content
- Use a lesson plan effectively, using appropriate format and providing sufficient detail
- Express yourself in clear, accessible, standard Australian English
- Provide a reading list of texts and lectures to which you have referred.

GENERAL COMMENTS/RECOMMENDATIONS FOR NEXT TIME

Lecturer        Date

Recommended: /20 (FL PS CR DN HD)    Weighting: 40%

NB: The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualize and/or amend these specific criteria. The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.
Assessment 2

Planning an excursion: 3,500 words  60%  Due: 14 September 2015

1. You are to visit, in your own time, an easily accessible public venue in Sydney (for example, The Art Gallery of NSW, The Power House Museum, The Museum of Sydney, The Botanic Gardens, Taronga Park Zoo, a particular area of significance for a writer or text…) and plan an excursion for a Year 11 or Year 12 class. You MUST NOT choose a theatre excursion, nor an excursion to an event. Your excursion must be to a venue that is accessible all year round.

2. You are to link the material and ideas to be gained from this “excursion” to:
   - EITHER a unit of work and a text or texts suitable for Year 11 (NB: remember that you may not include any texts that are set for HSC study in 2016)
   - OR the HSC course in 2016 – either the Area of Study or a Module, Elective and Prescribed Text (ie a unit of work in Year 12).
   
   NB: you must specify a text or texts and link the excursion exhibits/experience to the purpose of the unit and the text.

3. First, you must write a short formal letter to the Principal, asking permission for the excursion, justifying the outing in terms of syllabus requirements (in your own words) and student learning needs, taking into account the cultural diversity of the class, and demonstrating that you have taken logistics, and safety issues into consideration. This submission should be no more than a page and written in clear, fluent English. The Principal will not want to swallow whole tracts from the syllabus. You should attach a risk assessment.

4. Prepare a schedule for the excursion, outlining the timing and cost of the excursion, allowing time for travel, observation and breaks. It may help to choose a particular school so that you can accurately plan travel.

5. **Use a unit planning pro forma for this assignment.** Use the rationale to explain the relationship between the core text and the excursion and how it either prepares students in Year 11 for the Standard, Advanced or Extension Course and for the HSC, OR addresses the requirements of one of the HSC courses. Discuss the suitability of the texts, excursion and learning for the particular class you have chosen.

   In the lesson summary section, outline two lessons focused on the excursion (the excursion is not one of the lessons) and the details of the excursion ie: what you want the students to see, understand and do.

   The lessons should exemplify your thinking and demonstrate how you would teach the students to relate the excursion material to their text. One lesson could be a preparation for the excursion and one should show how you intend to follow up the excursion and show students how to use the information.

6. You should design a **formative** assessment task that requires students to demonstrate knowledge of the excursion material and its relationship to their text(s).

   Include all worksheets.
Assessment criteria checklist

Make sure you:

- Show close knowledge of the stage 6 syllabus
- Show close knowledge of the excursion site and exhibits
- Detail exactly which exhibits or features of the excursion site are relevant for the chosen Stage 6 English course
- Organise activities for the students at the excursion site
- Assemble your assignment in logical order ie: the letter to the principal first, the Risk Assessment, the Schedule for the day and then the unit plan, which will include your rationale, two lesson summaries, the activities while on the excursion and a formative assessment task
- Express yourself in clear, accessible and fluent Standard Australian English
## Specific Criteria

### Understanding of the question or issue and the key concepts involved
- Demonstrate knowledge of the Stage 6 syllabus courses and outcomes

### Depth of analysis and/or critique in response to the task
- Demonstrate understanding of academic and cultural diversity
- Show close knowledge of the excursion site and the exhibits
- Design appropriate activities and lessons focused on specific aspects of the excursion and the chosen texts
- Design effective assessment tasks

### Familiarity with and relevance of professional and/or research literature used to support response
- Demonstrated understanding of the need to differentiate lessons to cater for diverse learners
- Understanding of effective assessment practices

### Structure and organisation or response
- Demonstrate ability to plan the excursion
- Presentation of effective and engaging lesson plans

### Presentation of response according to appropriate academic and linguistic conventions
- Write an effective letter to the principal
- Ability to use clear, accessible Standard Australian English.

HURDLE REQUIREMENT

FEEDBACK AND REPORTING

Assessment is the process of gathering evidence from a variety of sources about learning outcomes and being able to use that information to improve learning and teaching. Evidence includes not only individual student work samples and test results, but also more global data derived from standardized tests (eg NSPLAN, ICAS, HSC etc) as well as more qualitative information generated from student self and peer evaluations, and student-parent conferences.

Feedback is a structured interaction with the student about their current learning: where they are, where they want and /or need to be and how to get there. It may be in oral or written form and may be given by the teacher, by the student’s peers or take the form of self-assessment. Feedback needs to indicate learning that has been demonstrated (achieved) as well as what needs more work. For the feedback to also feed forward, comments need to provide students with strategies to guide their improvement. Feedback /reporting to and for parents is also important as they are critical stakeholders and partners in their children’s learning.

Moderation is a process used by teachers to compare their judgements about student performance so that assessment is trustworthy. Teachers work together as a group to ensure that the way they use assessment grades is consistent with agreed or published standards. For A to E grades this means the grade a student receives in one school can be fairly compared to the same grade anywhere in NSW. For school-based tasks, it means the work of students in different classes can be assessed using the same success criteria to evaluate progress toward learning outcomes.

View some work samples that teachers in your subject area have aligned to grades A to E at BOSTES or ACARA workshops.

It is recommended that students read widely on how to design appropriate assessment tasks, how moderate student samples of work and how to provide effective feedback. Tutorial time will be allocated to discussing this aspect of professional competence and providing experience with the moderation and feedback process.

The assessment process consists of two components.

1. A collection of five or six authentic student responses to preferably two assessment tasks. The responses may be written, visual or oral. The number depends on the length of the response. For each text
   - ensure anonymity by removing student names and destroying the samples at the end of the course.
   - include the instructions that were given for the assessment task and indicate whether the task was intended for formative purposes or summative and formative purposes
   - annotate the task to indicate what worked well and what needs changing if it were to be used again
   - include the assessment criteria and/or marking scheme/rubric for each task
   - provide annotations (with time codes if your sample is audio- or video-based) to indicate what the student has demonstrated as areas of strength and areas that need to be developed further in relation to the task
   - include a key for marking symbols
   - find out what the general expectation and/or current standards of the school/system are in relation to this subject area/topic/skill by consulting published NAPLAN/HSC/other relevant data, as well as talking to teachers, and consider
where this student work is in relation to those overall expectations/standards as well in relation to their previous performance

- provide written feedback for the student which indicates strengths and areas for improvement in relation to this work sample as well as their past performance and overall expectations/standards. Suggest a strategy that will guide the student in his/her learning. (If the task was used summatively you can still use it for formative purposes.)
- indicate what the implications of your evaluation might be for the teacher in terms of future teaching.

2. Write a few lines that could be included in a mid-year report comment to parents. Provide enough detail to indicate to parents which aspect of the student’s performance you are commenting on. Add A, B, C, D or E to align with the advice and work samples provided by BOSTES and ACARA.

NOTES:
The student work samples must be authentic. They should have been collected during Professional Experience 1 during a normal assessment task and/or provided by the method lecturer. Annotated student work samples, notes and all other written evidence of teacher education students’ ability to address Standard 5 to be discussed in class and submitted by the due date.

If a student is assessed as Unsatisfactory in the feedback and reporting hurdle requirement, s/he will automatically fail Method 2 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.
## AITSL Standard 5
Assess, provide feedback and report on student learning

### A. Demonstrate understanding of assessment strategies, including informal and formal, diagnostic, formative and summative approaches to assess student learning (5.1.1)
- Has the purpose of the assessment task been described appropriately?
- Has the task been annotated appropriately to indicate what changes in layout, language or requirement could be improved?
- Does the marking rubric/style provide diagnostic information for the student?

### B. Demonstrate an understanding of the purpose of providing timely and appropriate feedback to students about their learning (5.2.1)
- Does the feedback allow the assessment to be used for formative purposes?
- Is feedback expressed in appropriate language for the age/stage of the students?
- Does the feedback
  - acknowledge the student’s areas of strength?
  - identify areas where the student needs to do more work?
  - indicate strategies to help the student improve?

### C. Demonstrate understanding of assessment moderation and its application to support consistent and comparable judgements of student learning (5.3.1)
- Is the difference between ranking and moderation understood?
- Does the student recognise the importance of following marking guides/rubrics?
- Can the student listen professionally to the opinions of others?
- Does the student express his/her point of view respectfully, and provide appropriate evidence to support his viewpoint?

### D. Demonstrate the capacity to interpret student assessment data to evaluate student learning and modify teaching practice (5.4.1)
- Has the student analysed and evaluated the schools’ global assessment data?
- Has the student collected a range of the students’ past performance data?
- Is the student able to interpret that data accurately to make generalizations about the specific work samples they have collected?
- Is the student able to triangulate different forms of student assessment data so that they can propose appropriate modifications to learning and teaching?

### E. Demonstrate understanding of a range of strategies for reporting to students and parents/caregivers and the purpose of keeping accurate and reliable records of student achievement (5.5.1)
- Are feedback and reporting understood as separate tasks?
- Do the report comments provide succinct and helpful written information to pinpoint where the student is at in his/her learning?
- Has the student provided evidence that the Assessment Resource Centre (BOSTES) has been used to provide appropriate A, B, C, D, E grades?
