Summary of Course

This course provides an introduction to the NSW Visual Arts mandatory (Years 7-8) and elective (Years 9-10) syllabuses. Students are encouraged to critically examine the content and structure of the Stage 4 and 5 Visual Arts curriculum documents. The course introduces pre-service teachers to the practice of planning, implementing and assessing learning in Visual Arts with particular emphasis on the junior years of high school. The course is also designed to develop understanding of current issues shaping visual arts education.

Students will be introduced to the process of planning a sequence of lessons and evaluating individual lessons and sequences of lessons against the desired outcomes. Microteaching is used to bring the planned lessons to life and provides students with an opportunity to demonstrate an understanding of key competencies, receive feedback from peers and the lecturer and to develop their teaching practice.

Learning will be contextualised in relation to knowledge about the nature of visual arts and visual arts education in Australia.

Based on last year's student feedback, the following course changes have been made:

- Greater relationship between unit content and the assessment tasks
- More recent research used to support lecture content
- Clear, concise and consistent information

Important information

Assessment: Please note that all students must pass all assignments to pass the course, and they must pass the course to go on placement for PE 1.

Attendance: Students are expected to give priority to university study commitments. Unless specific and formal permission has been granted, attendance at less than 80% of classes in a course may result in failure.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

In addition to developing their knowledge of Visual Arts syllabuses and concepts in visual arts education, students undertaking this course will think deeply about some of the most critical issues facing visual arts educators. The course is designed with a view to students eventually becoming excellent teachers who are able to continue to improve the quality of visual arts education in Australia. In addition to traditional lectures, the course also involves workshops where students will take part in simulated classroom activities, critical discussions, and reflective observations of visual arts education in practice.

5. TEACHING STRATEGIES

- Explicit teaching, including lectures, to demonstrate an understanding of students' different approaches to learning and the use of a range of teaching strategies to foster interest and support learning.
- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals.
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
- Online learning from readings on the Moodle website.
- Online discussions.
- Peer teaching in a simulated classroom setting.
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

Assessment Details

S1 Assessment 1

(2,000 words, weighting 40%)

Due: Week 6, 10th April 2018 by 5pm

Plan and **design** ONE 60-minute lesson for a mixed-ability Stage 4 class. The lesson plan must follow a standard SED format and be presented using the template provided (please see Moodle).

Create an **Artmaking** lesson which is situated within larger unit of work, responding to an artist's practice. This artist should be selected from a current exhibition in a significant gallery, for example, Art Gallery NSW, MCA, White Rabbit, National Gallery of Victoria, MONA, QGOMA etc. This lesson also needs to identify explicitly which Syllabus Content Areas are engaged, that is, which Frames, Conceptual and Practice. *For example, Cultural Frame, World – Artwork and Practice*. If students require clarification in their choice, please speak to your tutor.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a **rationale** for your lesson plan. Your rationale should address the questions:
 - What do I want the students to learn?
 - Why is it important? What strategies will I use?
 - What assessment for learning strategies will I use to monitor progress?
2. Prepare the **lesson plan** to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you:

- choose an appropriate topic for the year group
- support your rationale using references indicating your professional reading
- choose appropriate outcomes and lesson content
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full one activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

S1 Assessment 2

(3,500 words, weighting 60%)

DUE: Week 11, 15th May by 5pm

Prepare an **outline for a unit** of work for a Stage 5 class. The unit of work should cover the first FIVE lessons; however, you are not preparing full lesson plans.

Create a **unit of work based on an artist/s practice**. This artist/s should be selected from a current exhibition in a significant gallery, for example, Art Gallery NSW, MCA, White Rabbit, National Gallery of Victoria, MONA, QGOMA etc. This unit of work must reflect Stage 5 Visual Arts course outcomes and contain both Artmaking and Critical and Historical Studies lessons. It should also identify explicitly the Syllabus Content Areas such as Frames, Conceptual and Practice. *For example, Cultural Frame, World – Artwork and Practice*. If students require clarification in their choice, please speak to your tutor.

You must write a **rationale** for the unit (600 - 800 words) in which you:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is important
- justify your choice of topic/text to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline:

- Lesson Intention(s) for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- one incursion/excursion/performance/product activity
- outlines only for the other teaching materials required.

HURDLE REQUIREMENT

S1 Assessment 3 – MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10-minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

1. A detailed lesson plan (extracted from one of your lessons for Assessment 1) using the SED prescribed template, and including a statement of expected learning outcomes. Your mini-lesson should involve an active teaching strategy whether you are presenting an artmaking or art theory focus. Your lesson plan should also reflect ATSI, literacy and numeracy content.
2. A 10-minute mini-lesson on based on Assessment Task 1 – Stage 4 Lesson Plan. This must be an Artmaking lesson, with a practical, student centred activity This mini-lesson must engage the students in some type of interactive task. It cannot be a lecture, PowerPoint or other type of teacher driven lesson.

Initial Lesson Plan:

- All students must submit to the method lecturer their proposed lesson plan at **least one week prior** to the presentation. This will be returned with comments on the suitability of the proposal.

Microteaching:

- This will be assessed according to the attached criteria, and will be graded as Satisfactory or Unsatisfactory.
- Any student whose first microteaching episode is judged as unsatisfactory will be given a further (one only) opportunity to gain a satisfactory grade.

NOTE: If a student is assessed as unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.
